December 21, 2018

Dear Providers,

**Effective 10/1/18**, claims submitted directly through Change Healthcare to Payor ID 62179, including those that go through a provider's own Clearinghouse to Change Healthcare **MUST** be submitted using the Member's AHCCCS ID or CRS ID only. The Steward Health Choice Provider Manual was updated to reflect this change; however, some providers are continuing to submit with IDs other than required.

Claims submitted with any other Member ID will cause your claims to be rejected.

For those Providers who use the Non-Registered ID when billing for crisis services, please use A06950891 in place of the NR010115M0.

Please let me know should you have questions or concerns.

Thank you,

Cheri Burian  
Director of Claims
