

CHAPTER 14:

Medicare and Other Insurance Liability

Reviewed/Revised: 1/1/19, 10/1/2018

14.0 FIRST AND THIRD PARTY/OTHER COVERAGE

Steward Health Choice Arizona, as an AHCCCS contractor is the payor of last resort unless specifically prohibited by applicable state or federal law. This means Steward Health Choice Arizona shall be used as a source of payment for covered services only after all other sources of payment have been exhausted.

Under state and federal law and R9-22-1003 (E), Steward Health Choice Arizona must pay the full amount of the claim according to contract or the AHCCCS Capped Fee-For-Service schedule for non-contracted providers and then seek reimbursement from the First- or Third-Party payor (Post-Payment Recovery) when:

1. The claim is for prenatal care for pregnant women; or
2. Preventive pediatric services, including EPSDT services and administration of vaccines under the Vaccines For Children (VFC) Program; or
3. The liability is from an absent parent whose obligation to pay support is being enforced by Division of Child Support Enforcement; or

Per R9-22-1002, AHCCCS is not the payor of last resort (AHCCCS will be the primary payor) when the following entities are the third-party:

1. The payor is Indian Health Services contract health (IHS/638 tribal plan); or
2. Title IV-E; or
3. Arizona Early Intervention Program (AZEIP); or
4. Local educational agencies providing services under the Individuals with Disabilities Education Act under 34 CFR Part 300; or
5. Entities and contractors of entities providing services under grants awarded as part of the HIV Health Care Services Program under 42 USC 300ff et. seq. payer.

14.1 COST SHARING/MEDICARE COVERAGE

Steward Health Choice Arizona follows AHCCCS Medicare Cost Sharing policies. Steward Health Choice Arizona is financially responsible for the cost sharing of AHCCCS covered services only, except in the case of QMB (Qualified Medicare Beneficiary) members (see below). Providers must

determine the extent of the third party coverage and bill Medicare and all private insurance carriers prior to billing Steward Health Choice Arizona.

The initial claim for services rendered must be received by Steward Health Choice Arizona within six (6) months of the date of service or AHCCCS eligibility posting, whichever is later regardless of the primary insurance coverage. The clean claim with the corresponding Explanation of Benefits from the primary carrier is still required within 12 months from the date of service or AHCCCS eligibility posting, whichever is later.

Steward Health Choice Arizona utilizes the coordination of benefits information gathered by AHCCCS and by other claims submissions to identify other payor coverage. If a claim is received and the primary insurance has not been billed, Steward Health Choice Arizona will deny the claim unless it is a service which is commonly known to be non-covered by the primary payor.

For QMB Duals and Non-QMB Duals, the Contractor's cost sharing payment responsibilities are dependent upon various factors:

- Whether the service is covered by Medicare only, by Medicaid only or by both Medicare and Medicaid,
- Whether the services are received in or out of network (the Contractor only has responsibility to make payments to AHCCCS registered providers),
- Whether the services are emergency services, and/or
- Whether the Contractor refers the member out of network

If a provider has information that a recipient's primary coverage has changed, terminated or added, Steward Health Choice Arizona has developed a process in which this information can be reported. If it is discovered that a Title XIX/XXI member has third party coverage that is not reported on AHCCCS Online or other automated system, the provider must notify Steward Health Choice Arizona immediately. Providers can call (800) 322-8670 and ask for the Member Services department or fax the request with any supporting documentation to (480) 760-4708. A portal for third party liability lead data has been established for behavioral health providers.

14.2 "LESSER OF" PAYMENT RULE

For QMB Dual members/services, Steward Health Choice Arizona will reimburse the member's cost share as reported by Medicare. For non-QMB Dual members/services, Steward Health Choice Arizona will reimburse the lesser of the following:

1. The Steward Health Choice Arizona Allowed amount (For Contracted providers this is the SHCA contracted amount, for non-contracted providers this is the AHCCCS Allowable amount) less all payment amounts by other insurance (including Medicare sequestration when applicable).
2. The other insurance allowed amount (if multiple other insurances the lowest reported

allowed amount will be used) less all payment amounts by other insurance (including Medicare sequestration when applicable).

3. The member's cost share as reported by the prior payor.

If the primary insurance payment exceeds the Steward Health Choice Arizona contracted rate or AHCCCS allowable amount, no additional reimbursement will be made by Steward Health Choice Arizona. Steward Health Choice Arizona will not pay for more than the recipient's financial responsibility for the service (e.g., any deductible, coinsurance, and/or co-pay).

The provider must contact the commercial insurance, Medicare or Medicare Advantage plan for information regarding covered services and prior authorization as well as Steward Health Choice Arizona prior authorization requirements must be followed.

Note: Services covered by AHCCCS that are not covered by Medicare, such as home health services or non-emergency transportation, may be reimbursed by Steward Health Choice Arizona provided the services are medically necessary and all reimbursement requirements have been met.

QMB Duals are entitled to all Medicaid and Medicare Part A and B covered services. These members are identified by a Medicare Part C entry in their AHCCCS Medicare record and typically by a two in the third digit of the rate code. A QMB Dual eligible member who receives services under A.A.C.R9-22-2 or A.A.C. R9-28-2 from a registered provider is not liable for any Medicare copayment, coinsurance or deductible associated with those services and is not liable for any balance of billed charges. (A.A.C. R9-29-302)

Steward Health Choice Arizona is responsible for payment of Medicare cost sharing (deductible, coinsurance, and copayment) amounts for all Medicare Part A and B covered services, including services not covered by AHCCCS, subject to the limits outlined in this Policy. See also AMPM Chapter 300, Section 310. These services include:

- a. Chiropractic services for adults,
- b. Outpatient occupational and speech therapy coverage for adults,
- c. Orthotic devices for adults,
- d. Cochlear implants for adults,
- e. Services by a podiatrist, and
- f. Any services covered by or added to the Medicare program not covered by Medicaid.

Steward Health Choice Arizona has no cost sharing obligation if the Medicare payment exceeds the provider's contracted rate for the services. The Contractor's liability for cost sharing plus the amount of Medicare's payment shall not exceed Steward Health Choice Arizona's contracted rate for the service. There is no cost sharing obligation if the Steward Health Choice Arizona has a contract with the provider, and the provider's contracted rate includes Medicare cost sharing.

The exception to these limits on payments is that the Steward Health Choice Arizona shall pay 100% of the member copayment amount for any Medicare Part A SNF days (21 through 100) even if Steward Health Choice Arizona has a Medicaid Nursing Facility rate less than the amount paid by Medicare for a Part A SNF day.

14.4 COST AVOIDANCE

Cost avoidance is to deny a claim and return the claim to the provider for a determination for the amount of third-party liability. AHCCCS is the payor of last resort unless specifically prohibited by applicable state or federal law.

This means AHCCCS shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. Steward Health Choice shall take reasonable measures

to identify potentially legally liable third-party sources. Steward Health Choice Arizona is responsible for making third party payer information available through our verification systems for use. Third party payor information may also be obtained through AHCCCS Administration Verification Systems.

AHCCCS is not the payor of last resort when the following entities are the third party:

1. Indian Health Services
2. Title IV-E
3. Arizona Early Intervention Program (AzEIP)
4. Local educational agencies providing services under the Individuals with Disabilities Education Act under 34 CFR Part 300
5. Entities and contractors of entities providing services under grants awarded as part of the HIV Health Care Services Program under 42 U.S.C. 300ff et seq
6. The Arizona Refugee Resettlement Program operated under 45 CFR Part 400, Subpart G
7. Substance Abuse Block Grant (SABG)
8. Mental Health Services Block Grant (MHBG), and any other awarded grants

The two methods used for Coordination of Benefits are Cost Avoidance and Post-Payment Recovery.

Steward Health Choice Arizona shall cost avoid a claim if it has established the probable existence of a liable party at the time the claim is filed. However, there are limited circumstances when cost avoidance is prohibited and Steward Health Choice Arizona must apply post-payment recovery processes as described in Section: *Post-Payment Recovery – Pay and Chase* below.

NOTE: Claims for inpatient stay for labor, delivery and postpartum care including professional fees when there is no global OB package must be cost avoided.

For purposes of cost avoidance, establishing liability takes place when Steward Health Choice Arizona receives confirmation that another party is, by statute, contract, or agreement, legally responsible for the payment of a claim for a healthcare item or service delivered to a member. If the probable existence of a third party's liability cannot be established or if Post-Payment Recovery is required, Steward Health Choice Arizona must adjudicate the claim and then utilize Post-Payment Recovery processes that include: *Pay and Chase, Retroactive Recoveries Involving Commercial Insurance Payor Sources, and Other Third-Party Liability Recoveries.*

Pay and Chase – Steward Health Choice Arizona shall pay the full amount of the claim according to the AHCCCS Capped-FFS Schedule or the contracted rate **and then** seek reimbursement from any third party if the claim is for the following:

- Prenatal care for pregnant women, including services which are part of a global OB Package,
- Preventive pediatric services, including Early and Periodic Screening Diagnosis and Treatment (EPSDT) and administration of vaccines to children under the Vaccines for Children (VFC) program, or

- Services covered by TPL that are derived from an absent parent whose obligation to pay support is being enforced by the Division of Child Support Enforcement.

Steward Health Choice Arizona has two years from the date of service to recover payments for a particular claim, or to identify (tag) claims having a reasonable expectation of recovery using a process to be developed by AHCCCS. A reasonable expectation of recovery is established when Steward Health Choice Arizona has affirmatively identified a commercial insurance payor source and has begun the process of recovering payment prior to the end of the Contractor's two-year recovery period.

14.5 MOTOR VEHICLE (MVA) OR WORK RELATED INJURIES

If a member requires services for an injury or condition resulting from circumstances involving a third party, (e.g., automobile accident or work related injuries) the provider must notify Steward Health Choice Arizona's Recoveries/TPL department at (800) 322-8670. Providers are required to furnish the following information:

- Name of provider
- Address of provider
- Name of patient
- Patient's social security number or AHCCCS identification number
- Address of patient
- Date(s) of hospitalization and/or outpatient services
- Amount due for care of patient
- Date of accident
- County in which injuries were sustained
- Names, if known, of liable persons, firms, corporations, and insurance carriers claimed by the patient or patient's legal representative to be liable for damages.

Failure to meet the notice requirements may forfeit the provider's right to reimbursement.

Steward Health Choice Arizona and AHCCCS third party liability administrators will coordinate and pursue collection from underinsured motorist insurance, Restitution Recovery, first and third party liability insurance, worker's compensation, tortfeasors including casualty, estate recovery and Special Treatment Trusts in cases of probable third party liability.

https://azahcccs.gov/PlansProviders/Downloads/FFSProviderManual/FFS_Chap09Medicare.pdf

14.6 STEWARD HEALTH CHOICE ARIZONA GENERATIONS MEDICARE HMO CROSSOVER CLAIMS

Steward Health Choice Arizona will automatically crossover claims that were paid, as well as specific denials, as primary from Steward Health Choice Arizona Generations where the member is also Steward Health Choice Arizona eligible. There may be exceptions for example, if the Steward Health Choice Arizona member is not enrolled at the time services were rendered or on FQHC claims where specific code requirements need to be met according to FQHC/AHCCCS billing rules.

14.7 NURSING FACILITY CLAIMS WITH MEDICARE/OTHER INSURANCE

Steward Health Choice Arizona is responsible for reimbursement of Medicare deductible or coinsurance for nursing facility claims.

Nursing facilities should submit claims to Steward Health Choice Arizona for Medicare covered claims for Steward Health Choice Arizona recipients with the corresponding Explanation of Benefits (EOB) from the primary carrier.

When a recipient has exhausted the Medicare benefit for nursing facility coverage, the nursing facility must submit a claim to Steward Health Choice Arizona.

If payment from Medicare or another third party payor is received later, the claim must be adjusted. A corrected claim should be submitted to Steward Health Choice Arizona with the corrected EOB.

For additional information please visit:

https://azahcccs.gov/PlansProviders/Downloads/FFSProviderManual/FFS_Chap09Medicare.pdf

14.8 RECOUPMENTS DUE TO OTHER PAYOR RESPONSIBILITY

Steward Health Choice Arizona, through AHCCCS updates or other provider EOB submissions may learn of primary payor responsibility. A claim that has been submitted without prior submission to the primary insurance carrier and paid by Steward Health Choice Arizona will be recouped from future payments. Claims that have been recouped can be resubmitted with the EOB showing the primary payor decision within twelve (12) months from the date of service. For claims past twelve (12) months, Steward Health Choice Arizona will consider claims that were subsequently denied by the primary insurer based on the timely filing limits, or lack of prior authorization, and that the member failed to disclose additional coverage other than AHCCCS which caused the claim to be denied. In that case, the claim must be received at Steward Health Choice Arizona within sixty (60) days from the date you become aware that payment will not be made by the primary insurer.

For claims that are beyond twelve (12) months from the date of service but still within the timelines described above, please send those to the Claims Disputes department at Steward Health Choice Arizona for proper handling (see Chapter 15 of this manual).

14.9 MEDICARE PART D PRESCRIPTION DRUG COVERAGE

All persons eligible for Medicare Part A or enrolled in Medicare Part B are eligible for Medicare Part D Prescription Drug coverage. Dual eligible persons (eligible for Medicaid and Medicare) no longer receive prescription drug coverage through Medicaid. To access Medicare Part D coverage, persons must enroll in either a Prescription Drug Plan (PDP – fee-for-service Medicare) or a Medicare Advantage-Prescription Drug Plan (MA-PD – managed care Medicare).

Cost sharing and coordination of benefits for persons enrolled in Medicare Part D:

- Title XIX/XXI funds are not available to pay any cost sharing of Medicare Part D.
- Steward Health Choice Arizona will utilize available Non-Title XIX/XXI funds to cover Medicare Part D co-payments for Title XIX/XXI and Non-Title XIX/XXI persons determined to have SMI, with the following limitations:
 - Co-payments are to be covered for medications on the AHCCCS Behavioral Health Drug List.
 - Co-payments are to be covered for medications prescribed by Steward Health Choice Arizona in-network behavioral health/integrated care providers.
- Steward Health Choice Arizona may utilize Non-Title XIX/XXI funds for coverage of medications during the Medicare Part D coverage gap.
- If a request for an exception has been submitted and denied by the Medicare Part D plan, Steward Health Choice Arizona may utilize Non-Title XIX/XXI funds to cover the cost of the non-covered Part D medication for persons determined SMI, regardless of Title XIX/XXI eligibility.
-

Persons with limited income and resources may be eligible for the Low Income Subsidy (LIS) or “extra help” program (see the Social Security Administration for income and resource requirements). With this “extra help”, all or a portion of the persons’ cost sharing requirements are paid for by the federal government. Dual eligible and behavioral health recipients on a Medicare Savings Program through AHCCCS (QMB, SLMB, or QI-1) are automatically eligible for the LIS program. Other persons have to apply for the LIS program. For more information on LIS see Chapter 2 Member Eligibility and Member Services.

For additional coverage information regarding Medicare Part D Prescription Drug Coverage, please reference the Steward Health Choice Arizona Generations Provider Manual for dual eligible members.
